

## Welcome!!!

## Thank you for choosing Peak Physical Therapy!

### What to Expect On Your First Visit:

- Please arrive 10-15 minutes prior to your first appointment to review your insurance benefits, complete necessary paperwork and change into comfortable clothing.
- A physical therapist will perform a thorough evaluation of your condition. We will
  review your medical history, current complaints, functional limitations and goals. The
  therapist will assess your posture, range of motion, strength and functional
  biomechanics. You will work together with your physical therapist to develop a
  comprehensive treatment program that will address all of your needs.

### What to Bring:

- Completed New Patient Forms
- Insurance Card and Photo ID
- Signed prescription from your MD

Please dress in comfortable and appropriate clothing and shoes so the therapist may access the injured area

Uses and Disclosures:

**Treatment.** Your health information may be used by staff members or disclosed to other health care professionals for the purpose of evaluating your health, diagnosing medical conditions, and providing treatment. For example, results of laboratory tests and procedures will be available in your medical record to all health professionals who may provide treatment or who may be consulted by staff members.

**Payment.** Your health information may be used to seek payment from your health plan, from other sources of coverage such as an automobile insurer, or from credit card companies that you may use to pay for services. For example, information on the services you received may be used to support budgeting and financial reporting, and activities to evaluate and promote quality.

**Health care operations.** Your health information may be used as necessary to support the day-to-day activities and management of Peak Physical Therapy. For example, information on services you received may be used to support budgeting and financial reporting and activities to evaluate and promote quality.

**Law enforcement.** Upon court order, your health information may be disclosed to law enforcement agencies, without your permission, to support government audits and inspections, to facilitate law-enforcement investigations, and to comply with government mandated reporting.

**Public health reporting.** Your health information may be disclosed to public health agencies as required by law. For example, we are required to report certain communicable diseases to the state's public health department.

Other uses and disclosures require your authorization. Disclosure of your health information or its use for any purpose other than those listed above requires your specific written authorization. If you change your mind after authorizing a use of disclosure of your information you may submit a written revocation of the authorization. However, your decision to revoke the authorization will not affect or undo any use of disclosure of information that occurred before you notified us of your decision.

Individual rights. You have certain rights under the federal privacy standards. These include:

- The right to request restrictions on the use and disclosure of your protected health information.
- The right to receive confidential communications concerning your medical condition and treatment.
- The right to inspect and copy your protected health information.
- The right to amend or submit corrections to your protected health information.
- The right to receive an accounting of how and to whom your protected health information has been disclosed.
- The right to receive a printed a copy of this notice.

**Peak Physical Therapy duties**. We are required by law to maintain the privacy of your protected health information and to provide you with this notice of privacy practices. We are also required to abide by the privacy policies and practices that are outlined in this notice.

**Requests to Inspect Protected Health Information.** As permitted by federal regulation, we require that requests to inspect or copy protected health information be submitted in writing. You may obtain a form to request access to your records by contacting your Physical Therapist.

**Complaints.** If you would like to submit a comment or complaint about our privacy practices or if you believe your privacy rights have been violated, please send us a letter outlining your concerns to:

Peak Physical Therapy 10580 S. De Anza Blvd. Cupertino, CA 95014

You will not be penalized or otherwise retaliated against for filing a complaint.

### IMPORTANT INSURANCE INFORMATION

We do our best to be as transparent as possible regarding the cost of your treatment. It can be very difficult to estimate the exact cost due to the great variety of insurance plans and coverage which is unique to each individual. In addition, treatment fees are based upon specific codes that are submitted after each visit and these codes may vary from visit to visit depending upon what is done during that treatment. We highly recommend that you contact your insurance company to get your specific benefits.

During the period that you are at Peak Physical Therapy, you may receive an Explanation of Benefits (EOB) from your insurance company. Please DO NOT take the amount charged per visit as the amount you owe. In some cases, the amount noted as your responsibility may not take into account all contractual adjustments. On your behalf, our billing department will resubmit the claim to get the maximum reimbursement from your insurance company. The most accurate statement will be the one you receive from Peak Physical Therapy.

Some helpful definitions of terms on the EOB:

<u>Deductible</u>: A deductible is a fixed amount you pay each year before your health insurance pays a benefit. Once you've paid your deductible, your health plan begins to pay its share of your health care bills.

<u>Co-insurance</u>: The percentage of costs of a covered health care service you pay (20%, for example) after you've paid your deductible.

<u>Copay</u>: A copayment is a fixed amount you pay each time you receive a health care service.

<u>Contractual Adjustment</u>: This is a discount the insurance company and you receive for using an in-network provider. To be in network, a medical provider accepts a contract with the insurance plan which includes an adjustment to the total cost of care known as the allowable amount. The total cost minus the allowable amount is the contractual adjustment or discount. Providers that participate in the agreement believe that the broader access to members is worth the contracted rates on services and in turn, patients that use an in-network provider pay less than if they used an out of network provider.

If you have any questions or concerns, please call and we will be more than happy to help you.

Thank you,

Peak Physical Therapy

15-24: moderate disability 25-34: severe disability >34: complete disability

#### Notes:

- It is recommended that the NDI be used at baseline (at the time of initial visit) and every 4 weeks thereafter
- 2. At least a 5 point change is required to be clinically meaningful. Patients often do not score the items as zero, once they are in treatment. It is common to find that patients will continue to score between 5 and 15 despite having made excellent recovery. The practitioner should avoid the trap of "treating until zero" as this is not supportable based on current evidence.
